## WARNINGS

- Keep out of reach of children and other animals. In case of an accident or overdose, contact a health professional immediately.
- This product should not be given to animals intended for human consumption.
- If the animal's condition worsens or does not improve, consult your veterinarian.

## DIRECTIONS FOR USE

Mix recommended amount in total daily ration.

### ADULT HORSES

- Daily maintenance: 1 scoop (1 oz) per day
- To support horses during competition, training or shipping: 2 scoops (2 oz) per day
- To support restoration of normal gut function: 2 scoops (2 oz) per day
- In horses experiencing digestive problems, a veterinarian may recommend higher levels for short-term use. Consult with your veterinarian for any use above 2 scoops (2 oz) per day. Do not exceed 6 scoops (6 oz) per day.

### FOALS

- To support digestive tract health in newborn foals, administer 1 scoop (1 oz) daily from 1 through 10 days of age.
- To support foals experiencing digestive upset: 2 scoops (2 oz) daily for 3 to 5 days and then reduce to 1 scoop (1 oz) daily thereafter. Do not exceed 2 scoops (2 oz) per day.
