

Congratulations to Sandra Dominguez

For 1st Stakes Win

Trainer Sandra Dominguez, a devoted Brooks Feed customer at Woodbine Racetrack passed a big milestone on July 18th 2009 when the 2 year-old colt Fearless Cowboy won the \$150,000 Colin Stakes. For Dominguez it was her first stakes win and she was naturally very excited.

Sandra felt the colt needed a bit of a different approach after the dark bay son of El Corredor had finished second in the Victoria Stakes on June 14th. A light workout on the morning of the race took the edge off. The new regimen worked as jockey Slade Callaghan was very complimentary on how the colt handled during the race.

Sandra Dominguez depends on Brooks Phase III to fuel Fearless Cowboy and his stable-mates. She is also a believer in some of the supplements such as *Flax Appeal, Joint Armor, DuraPlex and EquiShure* that Brooks supplies.

“It takes a combination of the right horse and the right training to produce a winner, but I think good nutrition and proper supplementation sometimes give you that little edge that makes the difference. I have a lot of faith in the Brooks Products” Sandra points out.

Sandra Dominguez counts on Bob Peatling’s *Triple Crown Feeds* at Woodbine to keep her stable stocked with feed.

Congratulations Sandra. Brooks Performance Horse Feeds and Triple Crown Feeds expect to hear of many more stakes wins in the future.

Fearless Cowboy edges out Who’s Big Daddy to capture the Colin Stakes.
