

Brooks Quality Fuels Transformations!

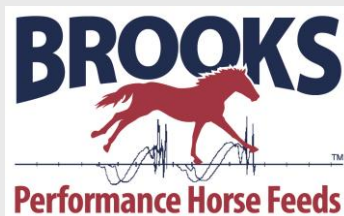

According to Ottawa area horse woman Jessica Lepage Brooks Feeds is a five star feed company. Jessica was enthusiastic in her praise of our products and happy to share some great results with us.

Tass (left and below right) a 10 year old OTTB was badly in need of some weight and conditioning as was Tailor a 20 year old Trakehner/TB. A few months on Brooks Fibre Omega Plus with rice bran has completely transformed both. Jessica had some complimentary words for Brooks representative *Tania Laframboise* as well.

"Look at Tass now! So impressed with how he looks. Massive thank you for all your knowledge and guidance and for Brooks and their quality feed."
