

## Fibre O Plus, Ezee and Flax Appeal shine for Ottawa area horse woman Lynne Smith

Hi Laurie,

I thought I'd give you a little update on Ceilidh. Last one was beginning of June. I'm happy to report that Ceilidh is responding very well to the *Flax Appeal added to her Eeze & All Phase 20* (Same amounts as last reported). People are commenting on how luxurious & blindingly shiny her coat is. And... she gained weight! I put on her dressage saddle a few days ago (last time was in the spring) & I could barely get the girth up to the first hole on both sides! (last time, it was on the 3rd holes on both sides.) I need a new girth... a bigger one!!! Woohoo!

*Fibre O & Eeze* are awesome feeds! That's what I feed my hard keeper Shire mare, along with *Flax Appeal* & you need to wear sunglasses when the sun hits that dappled & rich mahogany coat of hers.
