

One Kool Wave washes over the field in the All Canadian Futurity

One Kool Wave setting a track record at Ajax Downs

One Kool Wave has set the Ontario racing Quarter Horse world a buzzing so far this year. The two year old grey gelding has gone undefeated this year including an impressive win in the All Canadian Futurity on August 22nd 2010 at Ajax Downs. There was little doubt as jockey Kim Ito brought “The Wave” home for trainer Don Reid and co-owners Robert Bailey and Don Ito.

Next up for “The Wave” was a qualifying race for the Alex Picov Memorial Futurity. Once again he washed away the competition setting a track record for 400 yards in the process. The final is scheduled for September 26, 2010.

One Kool Wave is a product of the breeding program of Brooks’ client Belinda Taggart. He is by the World Champion stallion Wave Carver out of the Taggart’s racing champion mare One Kool Bud. One Kool Bud foreshadowed her son by also going undefeated as a two year old.

Belinda Taggart is a long time Brooks supporter and attributes much of her success as a breeder and at the track to Brooks rations. “People are amazed that a grey horse has such a shine to his coat. I tell them it’s because of the good feed he’s getting.” One Kool Wave is trained by Brooks’ client Don Reid who as of September 8th had the highest winning percentage among Ajax Downs trainers.

One Kool Wave has become a media star as admiring fans line up for a photo after each impressive outing. A fitting tribute to good breeding, good training and quality nutrition only Brooks can supply.

Fueling Champions. It's what we do!
