

Pedigree and Performance a winning combination on Ontario ranch

Rocking Wolf Ranch is a Quarter Horse breeding /training/showing facility with about 30 horses including show horses, stallions, broodmares and foals. The ranch has been owned since 2005 by Swiss born Dr. Chantal Spleiss, well known as an author of a book on equine pedigrees. Head trainer, Lisa Mayer, trains and shows mainly in NRCHA (Reined Cow) and is starting this year in Barrel Racing. Occasionally Lisa also shows in AQHA, NRHA (Reining) and NCHA events. She qualified 2016 and 2017 for the NRCHA World Show in Open Two Rein and showed the first time in February 2018 in Texas!

In 2019 she qualified with Paldur Puff again for the NRCHA World Show in Ltd Open Bridle and placed in the finals in the Top 10! For an extensive summary of Lisa's accomplishments as well as the ranch's breeding stock visit www.rocking-wolf-ranch.com.

With an extremely busy show schedule Chantal trusts only Brooks for the show horses. *"We buy the Brooks feed from the Coop in Hanover. All our show horses are on Brooks feed (Fibre O Plus) for years now and we will keep it that way. Our show horses are performing excellent and are in prime shape! We believe in Brooks Feed."*

Making great horses better!
