

# Young Rider Trusts Brooks To Achieve Success

“For the 2019 show season I have focused on competing in the National Barrel Horse Association and the Ontario Barrel Racing Association. However, a highlight this year was traveling to Australia to compete in the NBHA International Race and representing Canada which was an amazing experience. Over the season I hauled my two mares, *Eyes That Tell* and *Ms Skye High*. *Ms Skye High*, my 2019 futurity horse that I trained this past year made impressive progress over the season. Over the summer I worked for my coach, Leslie Richards-Burgess, and this allowed me to learn so much and get lots of saddle time to improve my riding. Unfortunately, with going to University this year I wasn’t able to compete in some of the larger competitions such as Congress or NBHA Worlds as I had hoped, but that is the goal for next year. I was extremely pleased with the effort my horses put out each weekend, giving me the ability to achieve the goals I set out for 2019. This season I ended with NBHA 2019 District 4 Youth 1D Champion, as well as OBRA 2019 Youth 2D Reserve Champion. I was extremely happy with both titles **and sincerely thank Brooks Feed for helping my horses look the way they do and perform as the talented athletes they are. I use Brooks for all my horses, and I’ve been very impressed with the product as my horses continue to look amazing all year round.** With the 2019 season over, I’m starting to set new goals, and look forward to the 2020 season.”
