

Brooks “EEZE” transforms Thoroughbred gelding!

“Dubai is a 17.2 hh unraced Thoroughbred gelding. He had a history of being a picky eater, but the moment he started on “EEZE” there was no turning back. He's only on a total of 7 lbs of “Eeze” daily and he has been flourishing on it! Even put the weight on over the winter!!

It's true that quality out-weighs quantity when it comes to horses. Thank you, Brooks Performance Feeds for bringing out the best in my horses!”
