

To Malaysia For Canada's Sake

Hi Dan,

I just wanted to let you know how RBF Super Sport is doing so far this season. At 15 years old he is still performing at the top of his game. We use only the Brooks High Performance products for his daily rations. For the past 5 years Sport has thrived so well on the Brooks formula.

Now we are preparing to head out for Malaysia for the **World Endurance Championships**. Out of 6 horses that qualified from across Canada **RBF Super Sport is ranked #1 in first place**.

Attached are two updated pictures taken this summer. Sport is just a few yards away from the finish line after racing 75 miles for first place. He won the 1st place just 30 seconds ahead of the 2nd place runner and also received the 'High Vet Score Award'. I am sending you one of the attached pictures mounted on board for your office. You should receive it sometime this week.

If you want to check out the web site for the Championships in Malaysia it is: Eventuz.com

Thanks for your continued assistance in helping me keep Sport doing so well.

Sincerely
Ruth Sturley

Good luck Ruth. We're very proud to be part of your success. We know you will do Canada proud!
