

# GFS Garrett Farm Supply

Brooks Performance Horse Feeds is very pleased to welcome a new retailer to serve the Gananoque Ontario region.

Garrett Farm Supply is a family owned and operated business that opened in 2021. The business is the creation of Dean and Kristy Garrett who with daughter Kayla manage and run the business. After starting as a Christmas tree supplier, the Garretts identified a need for a farm supply retail business in the area. The hobbyist is an important part of the business including backyard chickens, wild bird supplies and all the things that go into a nature lovers' lifestyle.

Of course, no farm supply business would be complete without equine supplies including feed. The Garretts are horse owners themselves and a little research in the local equine community proved that Brooks Feeds was a respected and sought-after brand that was needed in the store.

Brooks Feeds is very pleased to associate with enthusiastic businesspeople like the Garrets. We wish them success and are certain that their hard work and positive attitude will serve the local equine community well.

Feel free to visit Garrett Farm Supply at 2686 Hiscocks Rd in Gananoque, Ontario or call 613-331-2790
