

Apple Tree Acres

Brooks Knowledge and Service at work

We own a small horse farm in Southwestern Ontario called Apple Tree Acres. We've put a lot of hard work into our little farm to make it the horse property of our dreams. We added a beautiful colt to our horse family in 2021 named **Fifth Avenue AW**. His breeder is Janet Mackenzie. Janet put us in touch with Laurie Bishop, a Brooks Equine Nutrition advisor, to continue his feeding program.

Laurie has been amazing to us and our horses! Her knowledge and expertise in nutrition has been more than we could ask for. She has guided us from the start with Fifth Avenue AW (**Shazam**) and he has grown into a beautiful young horse.

We took him to the prestigious Royal Agricultural Winter Fair in November (2022) and he won a second-place ribbon in his class! It was a dream come true and Laurie Bishop was there to cheer us on. Laurie is not only great at what she does, but through this we have gained a friend. Brooks Feeds is what fuels our horses, and we have nothing but great things to say about it!

We have many plans for the future including showing **Fifth Avenue AW** in the cup classes in 2024 and competing with our two other horses in the show ring for years to come! We are very excited for our horses and our little farm and what the future has in store!
