

Wendy Benns

Gotta Love Chestnut Mares

Wendy Benns has competed in three Pan American Games, the UAE World Cup in Dubai and the World Endurance Championships in Malaysia during her 27 year (7000 + miles) endurance riding career. During that time, she has also bred and raised three outstanding generations of successful endurance horses, all of course on Brooks Feeds. Wendy is always a welcome visitor at the Sharpe store in Port Perry while picking up feed for her past and future champions.

Ferrari Firefly and Flirt

Most recently her 2nd generation mare Firefly earned another 100-mile buckle at the Cala-Boogie 2023 endurance ride. Wendy and Firefly finished the race in a first-place tie with Wendy's good friend Melody Blittersdorf on her gelding Perseverance. Firefly also earned her AERC (American Endurance Ride Conference) Decade Team award earlier this season, just as her dam "Flirt" did.

*"To have my first endurance horse and now her daughter both earn Decade Team means the world to me. I've always trusted **Brooks Feeds** to provide the proper nutrition for my growing horses and of course the amazing amount of energy for competing. "*

Note: The Decade Team recognizes those equine and rider teams who completed at least one endurance ride (50 miles or more) each year for 10 years.
