

# GENESIS

## SUPPORTING HEALTHY GROWTH

TEXTURED COMPLETE FEED

## OPTIMAL NUTRITION FOR GROWING HORSES & BROODMARES

- **Fortified with a balanced blend** of essential vitamins and trace minerals to support overall health, and nutrient utilization
- **Enriched with organic minerals** for superior absorption, improved bioavailability, and more effective nutrient use.
- **Buffered Mineral Complex (BMC™)** is a source of highly bioavailable, marine-derived calcium and essential trace minerals, formulated to support optimal gastrointestinal and skeletal health.
- **Enhanced fatty acid profile**, essential for healthy coats and joints and overall condition.
- **Added probiotic (Saccharomyces Cerevisiae)** for the support of gut health and digestion, and nutrient absorption

**BROOKS' GENESIS IS MANUFACTURED IN A DRUG FREE ENVIRONMENT**

# GENESIS TEXTURED COMPLETE FEED

## FEEDING GUIDELINES

**CAUTION:** Easy-keeping mares and growing horses may require adjusted amounts of feed. Faster growing horses may be more susceptible to developmental orthopedic diseases. Contact Brooks Equine Nutrition for feeding instructions.

The amount of feed required is dependent on the body condition, the metabolism and the rate of growth expected. Proper intake of minerals and vitamins is extremely important for growing horses. **Brooks All-Phase®** should be added to the ration when less than the recommended amount is fed.
