

FIT & FIBRE **LITE** FOR MATURE HORSES

PELLETED COMPLETE FEED

FORMULATED FOR MATURE HORSES

- **Flax and Molasses Free.**
- **Hay Replacement:** This feed can be used as a partial hay replacer.
- **Very Low NSC (Non-Structural Carbohydrates) Formula – 11%** Designed for horses requiring controlled starch and sugar intake, making it ideal for metabolic horses, easy keepers, and those prone to insulin resistance or laminitis.
- **Higher Fibre Nutrition** – Formulated with quality fibre sources to support digestive health, hindgut function, and a more natural energy release. **Due to the high-fiber formula, it is recommended that Fit & Fibre Lite be soaked before feeding to prevent choking.**
- **Fortified with Organic Minerals** for superior absorption, improved bioavailability, and more effective nutrient utilization.
- **Ideal for Rehabbing & Lay-Up** – Suitable for horses recovering from colic surgery or other lay-up periods requiring careful nutritional management.

BROOKS FIT & FIBRE LITE IS MANUFACTURED IN A DRUG FREE ENVIRONMENT

FIT & FIBRE **LITE**

MATURE HORSES - PELLETTED

FEEDING GUIDELINES

CAUTION: Due to the high fibre content of Fit & Fibre Lite it is recommended that it be fed soaked to prevent choking. Feed horses according to level and type of activity and to maintain ideal body condition. Harder keeping breeds (i.e. Thoroughbreds) may need higher amounts to help maintain a healthy weight. Whereas, easy keeping horses may require less than suggested to maintain a healthy weight. PLEASE CONTACT BROOKS EQUINE NUTRITION FOR RECOMMENDED FEEDING INSTRUCTIONS.
